DETAILED ACTION

Allowable Subject Matter

- 1. Claims 1-8 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor fairly suggest a method for analyzing a plurality of fluid specimens consisting essentially of compounds and fragments thereof with a single analyzing instrument wherein multiple fluid streams can be sampled and combined comprising the steps for: a) preparing a plurality of N fluid specimens wherein N is an odd number greater than 2; b) introducing a first combination of r specimens wherein r is an even number equal to (N + 1)/2 into a homogenizing volume to create a homogenized specimen; c) introducing at least a portion of the homogenized specimen to the analyzing instrument and recording the results of the analysis maintaining an association with the combination of r specimens; d) introducing additional different combinations of specimens into said homogenizing volume and repeating steps b) and c); and e) with a programmed digital computer mathematically processing the recorded results to produce analyses corresponding to individual fluid specimens.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
